Language Awareness for Key Stage 3

2: Language Types and Language Families

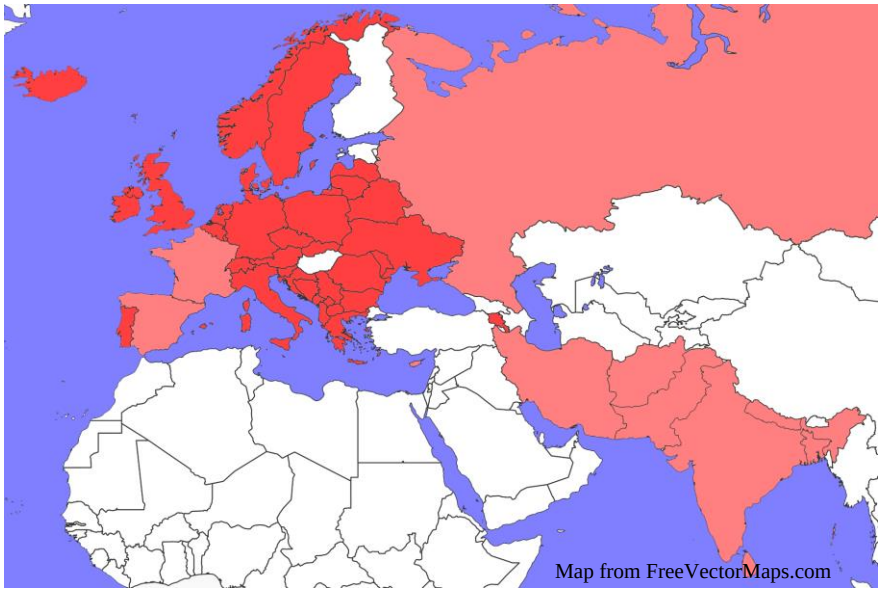
Activity 1:

In groups, make a list of any other languages that you know and write down what their word order is. (You can abbreviate: e.g. Subject–Verb–Object = SVO)

Language	Word Order

Activity 2:

Look at the map of Indo-European languages. Do you notice anything unusual? If any countries seem different from the surrounding area, see if you can identify them and guess what's going on



Notes:
